# SUMAN DEBNATH

SOFTWARE DEVELOPER AND UI/UX DESIGNER

Hi! I am Suman Debnath and I am a Programmer and Designer currently pursuing Bachelor of Engineering in Computer Science Engineering from SGSITS, Indore. I have been in the field of programming for 3 years. I am proficient in Python with 2 years of active experience. I also have an intermediate proficiency in Web development and have created few small scale websites using HTML, CSS, and JavaScript and deployed them on remote servers. I am currently working as the Lead Developer for a Fintech startup where we are developing a mobile app using Flutter.

I also actively pursue Graphic Designing. I have experience using Adobe Illustrator, Adobe Photoshop, GIMP, Adobe XD and Figma. I am also working as UI/UX Designer for our startup where I designed the prototype of the mobile app using Figma. I am also working as Graphic Designer for two of the most popular clubs of my college namely, GS Production House and Computer Club of Shri G. S. Institute of Technology.
